

Testimony in favor of HB 5303

For the electronic record, I am writing in support of HB 5303. Please take action to protect children with Epilepsy. This bill will close the gap that exists today when a school nurse is not immediately available and there is a willing and trained teacher, coach or paraprofessional ready to help. These children carry a pre-filled and physician prescribed antidote with them. It is important to administer it quickly to prevent harm to the child. PLEASE ENACT THIS BILL.

Sincerely,

Elizabeth M. Gosselin
